

Free Online Courses in English Language and Information Technology Skills

*An Invitation to All University
Entrants 2015/2016*

- o Make use of the latest in educational technology to enhance your knowledge and skills in English and IT
- o Education brought to your doorstep through an online programme entirely free

The decision is yours : You may follow the English course, the IT course or both at your own pace and time but you should complete the course/s within 12 weeks.

What you can expect : All lesson material online including animations, audio and video, discussions, assignments, quizzes and feedback delivered in a user friendly manner.

How you will benefit : Students who complete each course successfully will receive a Certificate of Participation from the University Grants Commission.

How to enroll : Visit the UGC website www.ugc.ac.lk

Both courses will commence on 27th March 2017 and be delivered over a period of 12 weeks.
