FOREWORD

The University Grants Commission (UGC) is happy to present the 11th volume of annual publication, “Sri Lanka University Statistics 2012”.

This publication includes statistical data covering key aspects of the university system of Sri Lanka that comes under the purview of the UGC. The publication is aimed at fulfilling the management information needs of the Universities. An attempt has been made to present most of the necessary data for retrospective years also, for the convenience of those engaged in research and policy making in Higher Education. The statistics presented in the publication is classified under five Chapters namely, Chapter 1 for General Information of the University Sector, Chapter 2 for University Admissions, Chapter 3 for Undergraduate Enrolment & Graduate Output, Chapter 4 for Staff Statistics and Chapter 5 for Income & Expenditure of Higher Educational Institutions under the purview of UGC.

The Management Information Systems (MIS) Division of the UGC has accomplished this important activity with the active contribution of the Universities and the other Higher Educational Institutes under the purview of the UGC. The UGC is in the process of expanding the MIS Division and its capacity in order to provide an efficient system with all 15 universities so that information could be obtained online. Constructive and supportive suggestions for the improvement of this publication are very much appreciated.

UNDERGRADUATE ENROLMENT BY UNIVERSITY : 2010-2012

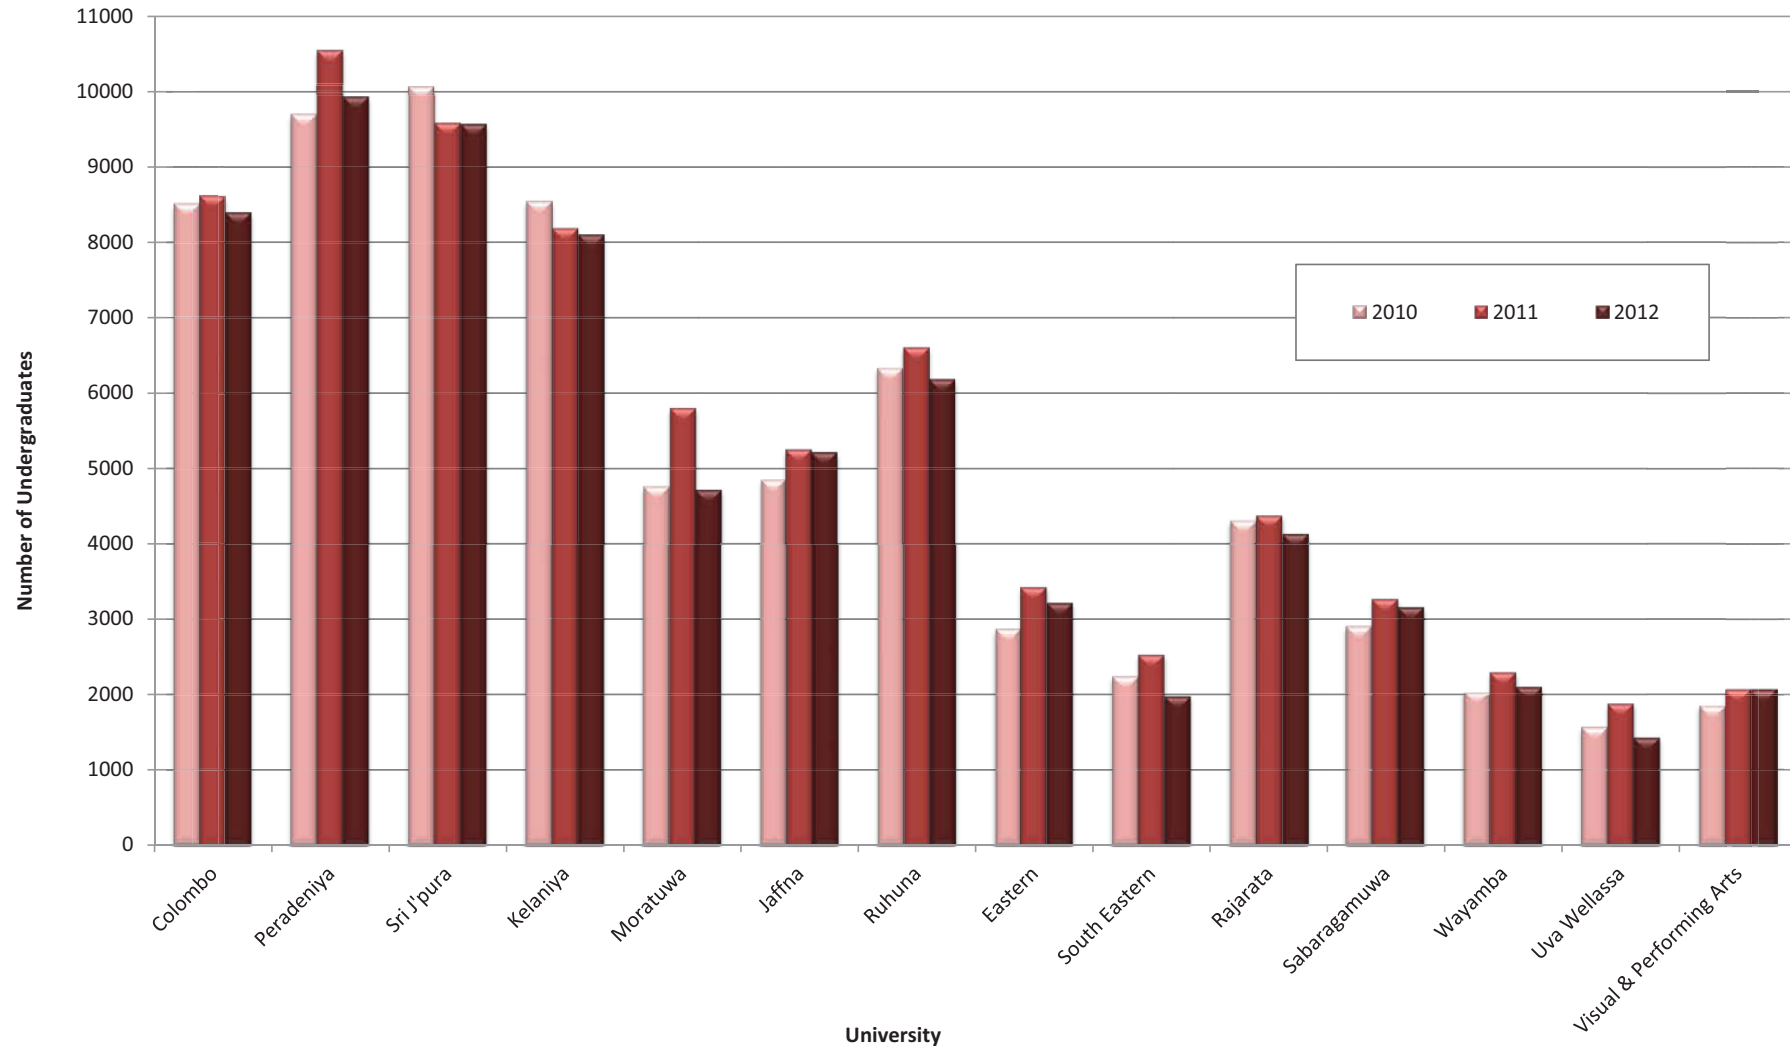

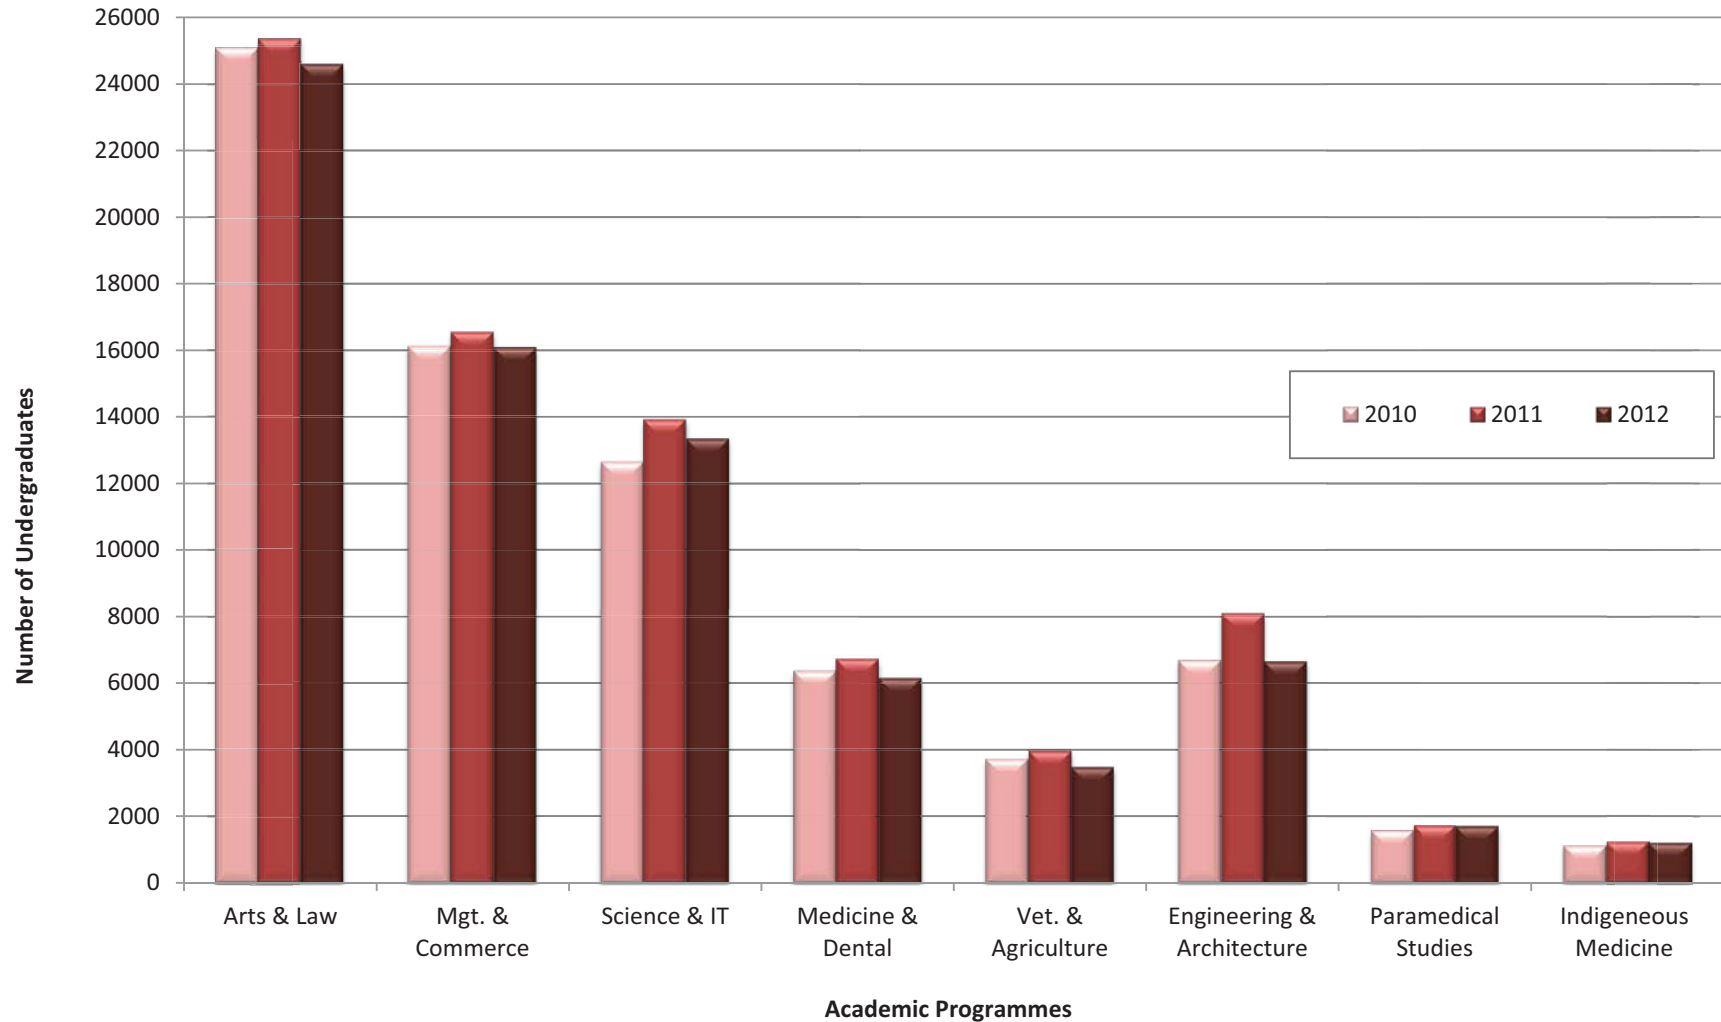

Chart - 08

UNDERGRADUATE ENROLMENT BY ACADEMIC PROGRAMME : 2010 - 2012

* Excluding Open University

* In the year 2012, student enrolment has been decreased compared to the year 2011 due to new intake (2011 A/L) of students was not admitted. However, the decrease is not significant as final exams and academic terms of some universities have not completed due to Academic and Non-Academic strikes in 2012.
